ROTARY CLUB OF

President Nancy's Message

First Responders Cookout

Remembering 9/11 and Honoring Our First Responders

As we reflect on the events of 9/11, we are reminded of the courage and sacrifice of our first responders. To honor their service, Roswell Rotary started the First Responder Drive-Through BBQ, an initiative launched by Past President Lynne during the height of COVID-19.

This tradition has become a cherished way for our club to show gratitude to those who tirelessly protect and serve our community. Let's continue to remember, honor, and support our first responders, not just on this solemn day, but every day.

Thanks to the Interact Club volunteers from Blessed Trinity, Centennial, and Roswell High School. And special thanks to Jack Wyche, Gene Beckham and Dave Young for heading this project up and being the grill masters.

Thank You to Our Amazing Rotarians for a Fantastic Tournament!

A heartfelt thank you to all the Rotarians who sponsored, played, and worked at this year's tournament! We were blessed with beautiful weather and a wonderful day filled with friendly competition, laughter, and community spirit.

Your dedication and hard work made the event not only a success but also a joyful occasion for everyone involved. Whether you were out on the course swinging clubs, coordinating logistics, or cheering players on, your contributions truly made a difference.

Together, we enjoyed a fun-filled day while raising funds for our ongoing service projects. A special thanks to our many volunteers and especially to Joe Mazzeo, Mindy Jones, Rich Austin, Michael Curling, Bob Clarkson, Jerry Orlans, Ryan Gehricke, Karen Schwank, and more whose steady leadership and "do what it takes" attitude made the event so smooth and enjoyable for everyone. Thank you for embodying the Rotary spirit and making this event one to remember!

FAMILY OF ROTARY

Our membership cares deeply about the needs and concerns of our members. We don't want to miss an opportunity to reach out in friendship when such concerns arise. The chairperson of this committee is Lynne Lindsey and all news should be directed to her at lynnehlindsay@outlook.com

Please welcome Ryan Stringfield as our guest speaker for our upcoming meeting tonight, September 17th. Ryan is an Executive Director at Pathways2Life and has over 15 years of experience in prevention and early intervention, with his personal recovery journey driving his passion for supporting youth and young adults. As a CADC and cP, Ryan provides visionary leadership for the organization, overseeing program development, fundraising, and strategic partnerships. Pathways2Life aims to create a growth-oriented system of care, helping students, families, schools, and communities. Under Ryan's leadership, the organization has made a significant impact across Metro Atlanta by providing early intervention and prevention services to at-risk youth. Ryan will speak to us about the story of Pathways2Life and how the organization is transforming lives. His dedication to serving the community has made him a key figure in the region's efforts to support mental health and wellness.

Our meeting will be held at 6:30 PM. The location is to be determined due to scheduling conflicts. It's about to happen. This is a project that has been in the works for two years! It's a partnership begun by Roswell Rotary joining four Rotary Clubs (Roswell, Alpharetta, John's Creek, North Fulton) together to serve our shared community. This is the power of Rotary and the power of partnership.

A 40-foot container will be delivered to the American Legion Post 201 parking lot at 201 Wills Road, Alpharetta. This container will serve as a collection and distribution point for new and gently used medical equipment.

The Rotary Clubs of Roswell and Alpharetta and the American Legion Post 201 will manage the project along with the Rotary Clubs of Johns Creek and North Fulton. Other partners include Vision Warriors and the VFW (Veterans of Foreign Wars). Donations can be dropped off at the container while some pickups in the area will be coordinated. High demand items will be sanitized and redistributed locally by distribution partners to clinics, hospitals, and other healthcare workers. Equipment requiring further repair or not immediately needed will be stored for FODAC to collect. This initiative aims to address the environmental impact of medical waste and the growing demand for affordable medical equipment in Georgia. According to a 2018 CDC study, over 2 million Georgia residents live with disabilities that limit their mobility or daily functioning.

FODAC's DME program repairs, refurbishes, and reissues donated equipment such as wheelchairs, scooters, patient lifts, and hospital beds for a minimal one-time registration fee of \$25. The organization annually provides around 8,000 items to 3,000-4,000 clients.

The new Alpharetta collection site is part of FODAC's strategy to increase its annual collection and refurbishment from 10,000 to 14,000 items to meet growing demand.

Community members are encouraged to donate gently used medical equipment at the new collection site. For more information contact Jonathan Crooks jonathancrooks@bellsouth.net
